I believe this parcel and the 1.9 ac parcel were considered to be part of the lands in Sec. 18 Washington Twp. until William Sellner did a survey (4-179) which established the location of the section line. Said line then located these parcels in Sec. 19, Knox Twp. Quit Claim deeds were transfered to establish the center of the Mohican River as the property line between the farms that border on the river in the NENE Sec 19 Knox Twp. and SESE Sec 18 Washington Twp.
