Nov 16th 1875. I found and planted Sand Stone
 Corners for the Corporation of Millersburg, at
 the following corners. The quarter corner on north
 line of Sec 12 Tp 9, R 12, the same being on line
 between Congress & School land on north
 Washington & Clay streets near their junction,
 Also the quarter corner $\frac{1}{2}$ mile south of above
 being on south line of Sec 12, Tp 9, R 12, near the
 NW corner of lot 318. (No. of Ingles ad)
 Also at the south East corner of Sec 12, Tp 9, R 12,
 the same being the NE corner of the Cemetery lot,
 Also the Center corner of Sec 19, Tp 9, R 12.
 I deposited white pieces of brockey or Barthen
 ware under each stone. There is a cross or mark
 cut on top of each stone.
