

No. 76

To Alex Snow, C. W. Lefley, Geo Nevill and Melvin Garver.

You are hereby notified that a survey will be made and testimony taken by the County Surveyor of Holmes County, Ohio, on the 19th day of July, 1894, between the hours of 10 A.M. and 6 P.M., and to continue from time to time at the request of said County Surveyor until the lines, boundaries and corners of the following described tract of land, now owned and held by John McKelvey and situate in Killbuck township, Holmes County, Ohio, can be established:

Being the Southwest Quarter of the Northwest Quarter of Section 23, T. 18, R. 8.

Interested parties are hereby notified to give said Surveyor the names of witnesses they wish subpoenaed, and to be present at said Survey.

Signed this 23 day of June 1894.

John McKelvey.

On July 14, 1894, a copy of the foregoing notice was sent to C. W. Lefley by mail.

On July 18, 1894, a copy of the foregoing notice was served on Geo Nevill personally.

On July 18, 1894, a copy of the foregoing notice was served on Alex Snow by leaving at his home.

On July 18, 1894, a copy of the foregoing notice was served on Melvin Garver personally.

A. D. McKelvey

Sworn to and subscribed in my presence this 29th day of August 1894.

Frank S. Gant
County Surveyor.

On the 19th day of July, 1894, the day appointed for the Survey I proceeded to the grounds for the purpose set forth in the notice. For the reason that it was inconvenient to the parties interested to be present, as the neighbors were threshing, we postponed the survey till August 14, 1894.

On August 14, I again proceeded with the survey selecting as chairman J. Brink and L. Smith; as marker Ed. Gant. By request of McKelvey, the survey was again postponed till August 28, 1894.

On August 28, we began the survey from a stone at the Northwest corner of the Northwest Quarter of Section 23 T. 18 R. 8; thence running south $4^{\circ} 35' N$ 79p 20 l to a stone at half Quarter corner on west line. Thence $S 4^{\circ} 35' W$ 79p 19 links to the quarter corner;

Established a stone corner and took the following as a witness to the same: White Ash 6 S $40^{\circ} E$ 3 links. Thence $S 4^{\circ} 35' W$ along the west line of the Southwest Quarter, of said section 79p 20 links to a stone at the west half Quarter post.
