11 13 13 Sec No 330.

Survey made to locate the line A. B., Tract No 1 was originally owned by Adam Hammond, and Tracts No 2 & 3 by Peter Hammond, who by will left, or willed to David Hammond 80 acres off the east side and the west part to another heir, calling it 20 acres.

On survey, there was not enough land to fill both pieces. To give the east part 80 acres, and the west part or No 2, 20 acres, there was a cap over; which was compromised by John Novels, and Henry Arnold for Sarah M. Bupp, and I was authorized to established the line by each

getting half of the cap, and each losing half of the cap, and the line A B, to be the future line as shown on plat.

May 7<sup>th</sup> 1900.
