Additional Information Regarding Placements

Multi-County Juvenile Attention System

Holmes County participates in the Multi-County Juvenile Attention System, funded jointly by Stark, Columbiana, Wayne, Tuscarawas, Holmes, and Carroll Counties. The System provides treatment and detention options to the participating Juvenile Courts, including group homes, a residential treatment center, and attention/detention centers.

Holmes County represents 4.03% of the total population of the participating counties. In the year 2002, Holmes County used 960 "bed days" (number of juveniles placed x number of days in facilities) at System Detention Centers, for a total of 2.63% of the total bed days used by all participating counties. Of those 960 total bed days, 17 bed days were at the Stark Attention Center, and 943 bed days were at the Linda Martin Attention Center (formerly Wayne-Holmes Attention Center).

Holmes County also placed 3 juveniles in the System's Treatment Centers, representing 2.28% of the total usage of those facilities. One juvenile was placed in the New Philadelphia Group Home, one juvenile

was placed in Roger's Honor Farm, and one juvenile was placed in the Residential Treatment Center in Canton, Ohio.

Ohio Department of Youth Services Facilities

One juvenile was committed to an ODYS facility during the year 2002. Two juveniles, one of whom was committed prior to 2002, remained committed in the system through the end of 2002.

PROGRAMS

Probation Department

During calendar year 2002, the Probation Department supervised 143 youth on probation (110 males, 33 females), including juveniles carried over from the year 2001. During this period, 80 youth were placed on probation, and 22 were successfully removed from probation.

The Probation Department also continued its duty of organizing and supervising Community Service performed by juveniles as part of their sentence. Community service requires a child to perform work beneficial to the community without pay. The program provides youth with an opportunity to "repay" the community for the problems caused by the child's behavior, as well as provide the youth with valuable work experience. In 2002 a total of 1621 hours were provided by juveniles for their community service commitment. At a minimum wage rate of \$5.15/hour, those 1621 hours represent services valued at \$8,348.15 to the Holmes County community.

Youth Services Grant

The Youth Services Grant is a State subsidized program designed to assist Juvenile Courts in the development of local service options for youthful offenders. The grant is administered on a fiscal year, beginning on July 1 and ending on June 30. In Fiscal Year 2003 (covering the period of July 1, 2002, through June 30, 2003) the original allocation for Holmes County Juvenile Court was \$190,285.69 with which to plan and provide programs which meet the requirements and standards set by the Ohio Department of Youth Services. The allocation from the State is based upon the number of juvenile felony convictions in the County during prior years, and the variable portion of the grant is debited a fixed

amount per diem for the care of Holmes County children in Department of Youth Services facilities during the year. Funds not expended during the fiscal year may be carried-over for funding of additional or continuing programs in coming years. Because of state budget cuts, the original allocation for Fiscal Year 2003 was reduced, and a cap was placed on that reduced amount so that the total amount possible to be received by Holmes County for the fiscal year was \$160,197.87.

The following eight (8) programs were totally or partially funded by the Youth Services Subsidy Grant in 2002:

1. Program Administration

This program provides part of the salary and a proportionate amount of benefits for the Grant Administrator and Assistant Grant Administrator. The Grant Administrator administers and manages the fiscal and programmatic areas of the Youth Services Grant and related subsidy programs. The Assistant Grant Administrator manages the data collection and reporting which the grant requires.

2. Intensive Probation

The function of the Probation Department has been described elsewhere in this Report. This grant program provides the entire salary and benefits for our two full-time Probation Officers. The maintenance portion of the program provides the Probation Officers with cellular phones in order to remain in contact with the Court and the Probation Office, funds to attend training programs, and funds with which to purchase drug test kits which the Probation Officers use in the course of their work with juveniles.

3. Educational Services

The Educational Services Program provides funds for the salary and benefits of the STAY (Services To At Risk Youth) Office clerk, and additional funds which are paid directly to Holmes County Department of Job & Family Services (as fiscal agent) for a portion of the expenses related to Project STAY. Project STAY provides services to youth who cannot be placed in a regular school setting. Adjudicated delinquent or unruly youth and at-risk youth are placed in the STAY Program when they fit the criteria of STAY pupils. This would include severe behavioral problems and ADHD (Attention Deficit Hyperactivity Disorder) students. The social workers and teachers make referrals for assessments to determine what needs will be met for each youth in the project. The

Alternative Learning Center is an integral part of the Project STAY Program. Behavioral and family issues are addressed in an effort to help the student attain a positive self-image and problem solve in a mature manner. Academic classes are also provided with strong emphasis placed on proficiency in the core subject areas.

In addition to the Alternative School facet of this program, in recent years Project STAY has been expanded to include the following services to youth and their families:

- * Transportation
- * Advocacy and service coordination
- * Information about and referral to other area resources, wrapping services around youth and their families
- * Parent services including family service aides, Parent to Parent support group, wellness education, parenting education, and household support

4. Out of Home Placement

Out of home placements have been described elsewhere in this Report. This Grant Program provides a funding option for placement of juveniles outside the home when every effort has been exhausted to keep the child in the home.

5. Clinical Assessments

This program provides funds for psychiatric, psychological, or drug and alcohol assessments for delinquent and/or unruly youth to assist the court in developing individual treatment plans.

6. Monitoring/Surveillance

Electronic home supervision is an available option when a juvenile fails to respond to the guidance and supervision of the custodian. Juveniles are electronically restricted to the home unless services and education appointments are arranged. It offers constant monitoring of the juvenile's whereabouts and associations. This grant program provides funds for juveniles who are unable to pay for electronic home supervision in situations where it is the Court's order that they be placed on electronic home supervision.

7. Recreation

One of the Court's major projects in the year 2002 was "Truth Camp." Part of the funding for this project came from the Youth Services Grant; however, the majority of the funding came from the Family & Children First Council's Family Stability Grant.

Truth Camp was held at Camp Muskingum in Carroll County, Ohio, on August 19 through August 23, 2002. Thirty-one adjudicated and at-risk youth attended the five-day camp, along with 11 adult staff volunteers. Judge Lee, all three Probation Officers and Bailiff Brad Conn attended from the Court. The activities and presentations had an emphasis upon truth in life and relationships and how dealing truthfully in those areas leads an individual to make positive choices. Along with motivational and instructional activities, the campers and staff had ample time for traditional camping fun and recreation.

8. Truancy

The Truancy Program was added to grant-funded programming in Fiscal Year 2001. This program, administered by The Center for Restorative Justice (formerly Holmes County Victim Offender Reconciliation Program) was developed to address causes of and solutions to truancy. Those solutions incorporate a restorative and mediation approach for students and families in collaboration with school officials and the Juvenile Court staff. Seventy juveniles (44 males, 26 females) and their families were served through this program in 2002.
